Re: North Wallace Public Meeting

Dear Neighbor:

This letter is a reminder of the upcoming Public Meeting and to share a website that one of your neighbors was kind enough to create for this project. The public meeting is scheduled for Thursday, October 22<sup>nd</sup> at 5:30 pm in the Commission Room at City Hall, 121 North Rouse Avenue. We will provide an update on the project and ask for your feedback.

David Viciado, a North Wallace resident, developed a website for the purpose of keeping residents informed of the progress being made on this project. Please visit [www.viciado.com/north-wallace-traffic-calming/](http://www.viciado.com/north-wallace-traffic-calming/) for more information.

If you have any questions, please contact us at 582-2273.

Sincerely,

Craig Woolard, P.E., Ph.D.  
Director of Public Works
